tadea is committed to managing environmental matters as an integral part of our business from discussions taken at Board level. In particular, it is our policy to assure the environmental integrity of our activities and services at all times and in all places. tadea is committed to the prevention of pollution. tadea commits to implement this policy throughout the organisation by:

Continual Improvement

We will continually improve our environmental performance by establishing objectives and targets, measuring progress and reporting our results to the tadea Board using the balance score card.

Involvement and Communication

This policy will be communicated to all staff, contractors and suppliers, and be available for the public. We will promote participation and communicate our commitment to responsible environmental management by promoting environmental responsibility among our employees; by:

- Providing the necessary training and support to enable them to implement this policy.
- Informing suppliers of our environmental policy and encourage them to adopt effective environmental management practices.
- Soliciting input from our employees, suppliers and customers in meeting our environmental goals.

Sustainable Development

- Minimising consumption of resources and waste arising.
- Working towards carbon reductions on our office energy use and travel.
- Complying with all relevant environmental legislation and other requirements.
- Maintain ISO 14001 certification.
- Training staff on our sustainability objectives.
- Communicating and reporting progress, both internally and externally.
- Operating in a socially and ethically responsible manner.
- Using all suitable opportunities to influence our partners, suppliers and sub-contractors to improve their own environmental performance.
